In a Quest to Empower the Young Divinians through Education

Mahipal Budhraja
(Manager, MDPS)

MDPS Greetings!

This is the machine age collaborated with social media. There are people who try to mark the communication gaps of others and get set to troll these fillers. As teachers, we have an added responsibility to ensure that we remain professionally updated and our actions should be students supportive.

I always share with a feel of prudence that 'MDPS teaching fraternity' is conscientious and proficient to the level of accountability. I wish and hope the humble journey started as MDPS, with a noble mission will be an ongoing process in future too. It is my firm belief that our collective efforts will take school education to every person, who needs it.

The 'Divine Spectrum' school newsletter is the mirror to reflect the efforts of the school as a contributor in making a rational society. The painstaking deeds undertaken by the people in bringing out this latest edition will be appreciated by one and all. I congratulate you all for your sincere work.

God bless you all.

**“You are your greatest asset. Put your time, effort and money into training.”
Keep Your Passion Ignited!**

Dr. Manan Budhraja
(Managing Director, MDPS)

MDPS Greetings!

Life is a cycle leaving footsteps in chronological order. A wise individual uses this order to shape the future course of actions. During our life time, we mature our actions through experiential learning. It is well said and I quote, “A fool learns from his own mistakes while a wise exploits the experience of others”. There are phases of life, when our casual acts get sufficient means for rectifications and improvisations. It does not remain always the same. So, earlier we adapt to the culture of discipline and the style of perfection, better it is. These traits will lead us to the path of

civility to respect humanity. I wish and pray that MDPS fraternity as a team will continue to support the deeds to flourish the society. We endorse, “Once a Divinian, always a Divinian”.

I take this opportunity to congratulate the editorial board of 'Divine Spectrum' for the excellent work done and wish them to continue with a spirited new zeal.

‘God bless you to initiate a new term with vigour, commitment and a mission.’
