GRADES: NURSERY TO V

भारत 2023 INDIA

BACK TO SCHOOL

"The education journey after summer vacation is again the time for new beginnings, new adventures, and new challenges."

The chitter-chatter and chirping of happy students returned to school as the Mother Divine campus reopened post-summer break. Abuzz with activities, kids received a warm welcome and were greeted with balloons, flowers, sweets and joyful faces by their teachers. One and all could feel the excitement and euphoria present in the air.

HAPPY YELLOW DAY

"Shades of yellow stimulate our little ones with happiness, energy and positivity."

A day dedicated to the yellow colour was marked with a plethora of craft activities like -Thumb printing in pineapple, hand print chick craft, emoji making, and duck craft in different hues and tints of yellow.

Little hands get strong

As building Fine motor skills never go wrong"

Hop the mat, Pouring is fun, Sorting shapes and colours, tearing pasting, fingerprinting, playing with blocks, and magic with painting colours were the few such fine motor activities which were opted for young children to practice as it not only enhanced their eye-hand coordination but it also helped them to lay the foundation to do their everyday tasks confidently.

DRIZZLE FRIZZLE

“Rain is not only water. It’s the love of the sky for the earth. They never meet each other but send love this way.”- Anonymous

Monsoons are always fun and a welcome change after the sweltering heat. It is a magical time of the year with beautiful rain and cool weather. All await the rain; for children, it means a day full of fun, colourful umbrellas, wearing beautiful raincoats. With undiluted passion, children celebrated Drizzle Frizzle. The children were encouraged to observe and listen carefully to the sounds of rain.

Endangered Special

'Saving one animal won't change the world, but it will change the world for that one animal'

There are so many beautiful and amazing animals, birds, and insects all around the world. Many are on the verge of being endangered and need our help. Each species, no matter how small, has an important role to play. The planet Earth is as much theirs as it is ours. So let's save Endangered Species! Keeping the above thought in mind the School organised an activity: 'Documentary on Endangered Species'. The students prepared interesting documentaries and presented them to the class. They explored and investigated various fields and shared their thoughts with their peers.

Story Dramatization

“The purpose of a storyteller is not to tell us how to think but to give us questions to think upon.”

Stories create magic and a sense of wonder in the world. Stories teach us about life, about ourselves, and about others. To foster the skills of listening and reading, a storytelling session was conducted. Some of the students dramatized the story of The Hunter and the Pigeon and gave a wonderful message to their friends about Teamwork. Overall, it was a great learning experience that the young learners thoroughly enjoyed.

Turkey Craft

Craft is the vehicle for expressing your vision.

Traditional Art is an artistic window into understanding ancient culture and an ideal tool to know about the past. One such craft is the Paper Bag. The School organized an activity- Paper Bag making (Turkey Craft) in which the students used eco-friendly materials to make bags and decorated them vibrantly with colourful paper cuttings and feathers. They also prepared small puppets with faces and wings. It was a fun and refreshing learning experience for all.

Treasure from TRASH!

Trash to Treasure activity was an opportunity for students to share their unique and creative ideas with the use of waste household items. The goal was to reuse the items rather than throw them away

With a little time and creativity, the students turned waste into stunning home décor. They created different items with the use of Pista Shells, CDs, Egg trays, Newspapers, and so on. They enjoyed the activity while making the best out of waste material with the help of their teachers.

WORLD CONSERVATION DAY

“Pollution-free world is not a choice but a commitment to life- a commitment to the next generation.”

Pollution caused by plastic is a global issue: killing wildlife, contaminating our oceans and waters, and lasting far longer than it is used. As per the guidelines given by the Director of Education, to spread awareness among the students about the elimination of single-use plastic, the Eco Club organized an Inter House Slogan Writing Competition with the theme, "Awareness to Eliminate Single-Use Plastic". The activity brought forth the creativity of the students wherein they wrote catchy and impactful slogans creating awareness about the harmful effects of single-use plastic on the environment.

Happy Friendship Day!

"Friends are the people in our life who make us laugh louder, smile brighter and live better."

Our young Divinians celebrated the bond of friendship with great zeal. With great pride and accomplishment, the students gifted their token of friendship craft to their buddies. On that occasion, Dr. Manan Budhraj, the Chairman, Mr.A.K Bakshi, the Academic Director and all Programme Coordinators pledged to bestow their student-friendly approach.

Band/badge making

'Creativity is as important in education as literacy' and Art is a place for children in which they learn to trust their ideas, a place they engage their self-expression.

Keeping this thought in mind and to inculcate a sense of innovativeness, a Band/Badge-making activity was conducted in which children showcased their best artistic skills and innovative ideas in numerous activities like Polka dots bands, Bands with patterns, tri-color bands, and badges with wrappers. The event saw enthusiastic participation by our little artists, expressing their ingenuity and showcasing their talent to express their thoughts in a unique way.

Road Safety!

'Little Feet on Safe Streets Road Safety Education'

The Road Safety workshop for young learners was highly impactful. They grasped concepts like looking both ways before crossing, using pedestrian crossings, and wearing seat belts. This initiative not only educated the students but also fostered responsible habits, ensuring their safety as pedestrians and passengers. The comprehensive approach of the workshop ensured that even the youngest learners understood and appreciated the significance of road safety.

Oral History Narration

Great countries have great history, graceful histories are written with great pains and struggles. Great were those who fought to bring this day in India's history.

Learning becomes real if connected to reality. The 'Oral History Narration' activity was conducted for the students wherein Resource person, Mr. Baldev Raj Talwar was invited to share his experiences on the Great Indian freedom struggle. Along with this, some students donned the attire of prominent freedom fighters and showcased their contributions through rhyme, dance, and enactment. Overall, this memorable event successfully educated and inspired young minds about India's journey to independence.

Let's Celebrate!
HAPPY INDEPENDENCE DAY

"FREEDOM IN THE MIND, FAITH IN THE WORDS, PRIDE IN OUR SOULS"

All the students assembled on the school grounds to celebrate the 77th Independence Day. The whole school took a festive look with students wearing tri-colour badges, wrist bands and waving tri-colour flags.

- The cultural programme consisted of Saraswati Vandana, group dances, a medley of songs and many colourful performances.
- In his address to the children, Mr Manan Budhreja, the chairperson and Mr A. K. Bakshi, the Academic Head urged them to adopt the true meaning of freedom and independence i.e. to excel in the fields of education discipline and profession.

Let's Celebrate!
GREEN COLOUR DAY

The "GREEN DAY" celebration was a beautiful and engaging event. Crafts like hand printing in the shape of a tree, thumb printing in the form of a parrot, and salad making not only engaged the students creatively but also taught them about the color green and its connection to nature, growth, and freshness.

Incorporating objects of various shades of green and having the students talk about them was an excellent way to make the learning experience interactive and memorable.

DESIGN WITH TANGRAM

Activities are meant to teach how certain concepts can be taught in a creative way. The mathematics club organized an activity "Designs with tangram". In which the little buds made different things like birds, cats, sailboats, and houses from seven different tangram puzzles/cutouts. The students thoroughly enjoyed the activity and it enhanced their creative skills, and imagination. It was delightful to see the excitement on the children's faces while doing the activity.

Indoor Games

Indoor sports activities are designed not only to promote physical activity and well-being but also to instill values of teamwork, sportsmanship, and healthy competition in young learners. Students engaged in a dynamic obstacle course challenge that required them to navigate through, crawl, spaces, balance beams, bean bag toss, and target-based games. This activity helped improve their motor skills, hand-eye coordination, aiming skills, and spatial awareness. The indoor sports activities not only contributed to the holistic growth of our students but also imbibed them with essential life skills that extended beyond the classroom.

Flameless Friday Fun

"Health is the result of investing in good nutrition".

Cooking is fun. To create awareness about the nutritional value of food cooked without flame, the necessity and advantages of healthy eating, the school organized a Friday Flameless Fun session for the tiny tots. They were taught how to make sandwiches with the help of bread slices, grated cucumber, carrot, ketchup, and mayonnaise. The cute munchkins enjoyed the healthy delicious snacks and also presented them in an artistic way. The main aim of this activity was to provide a platform for the students to showcase their hidden talents and explore new areas of interest. Thus, this nutritious activity was filled with fun cum good eating habits.

Community Helpers

The objective of "Introduction to Community Helpers" activity was to acquaint our young learners with the roles and contributions of so many people in our life. Our dedicated teachers also participated in the activity by acting various community helpers. They highlighted their area of expertise and how they contributed to the learning environment.

RAKHI MAKING

'A bond as pure as Rakhi can never be broken.
It's a promise to always be there for each other.'

To enrich the auspicious relevance of this day, The School organized a Rakhi making activity. The event aimed to introduce students to the cultural significance of the festival and provide them with a creative platform to make personalized Rakhis for our brave warriors. Our budding artists used a variety of decorative materials to deliver amazing masterpieces and presented their creativity in the most exquisite manner.

पक्ष विपक्ष गतिविधि"

“किसी भी निर्णय में दो सम्भावनाएं होती हैं एक किसी का साथ देने वाला दूसरा विरोध करने वाला, यहाँ विरोध करने वाले पक्ष को विपक्ष कहा जाता है।”

हमारे महत्वाकांक्षी छात्रों के इस कौशल को उभारने और उन्हें अपने विचारों और भावनाओं को प्रदर्शित करने के लिए प्रेरित करने के उद्देश्य से, हिंदी विभाग द्वारा कक्षा चौथी और पाँचवीं के छात्रों के लिए एक "पक्ष विपक्ष गतिविधि" आयोजित की गई। इस गतिविधि में छात्रों ने बड़े उत्साह के साथ भाग लिया और पक्ष विपक्ष गतिविधि के माध्यम से अपनी अभिनय क्षमता का प्रदर्शन किया।

WORLD CONSERVATION DAY

In order to spread awareness to protect natural resources and hands on learning experience, an inter class activity to prepare and showcase their talent by depicting the theme 'Working Models on Conservation of Resources' was conducted on Friday 28th July, 2023 for the students of Grades Nursery-V. The students presented and threw light upon self prepared working models. The activity gave shape to their innovative ideas, enhanced their awareness about the social needs, ways to conserve natural resources and provided a platform for scientific aptitude and innovations.

HERITAGE AWARENESS DRIVE (YUVA CLUB)

Working of water cycle

With the objective of making students understand the importance of water cycle, the Eco Club of the Mother Divine Public School, organised an activity on 'Working of water cycle' for the students of grades- III to V on Thursday, 20th July 2023. The students were taken to the lab where they were shown the process and the steps involved in water cycle followed by the audio visual presentation to showcase the process of Water Cycle on the smart board in their respective classes.

The Yuva Tourism Club organised 'Awareness Campaign' for the students of Grades I - V in the school premises where the students of Grade IX threw light upon the importance of promoting tourism in various National Heritage Sites. Students not only enjoyed the presentation but also actively participated in the discussions. The purpose of the event was to introduce our young learners with the concept of cultural heritage..
